

Poolsure Mobile: Creating Your Account

Step 1: Request a new account

Poolsure Mobile is available to current Poolsure customers! To start the process, tap "Request New Account" on the default app screen.

Fill out the form that follows.

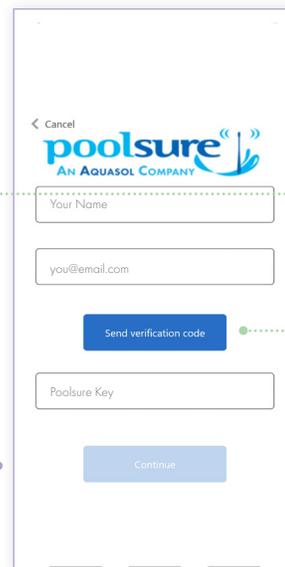

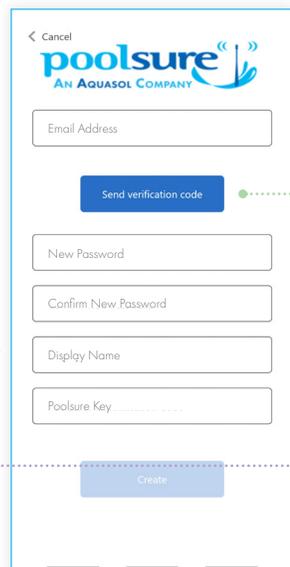

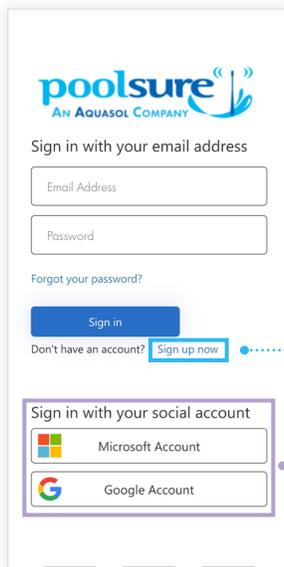

Step 2: Receive your Poolsure Key

Once your account information is verified, Poolsure will send you an email containing your Poolsure Key.

This verification should take less than one business day.

Step 3: Choose signup method

Once you have your Poolsure Key, tap "Sign In" to create your account using one of the methods below:

Email Verification:
Check your email for your verification code.

Method 1:
Create a username and password.

Method 2:
Log in with an existing Microsoft or Google account.

Step 4: Complete the process, and you're in!

Once you log in, you should see a screen showing all the pools at your property. If you have trouble, please email customerservice@poolsure.com.
